BEFORE YOU BEGIN, PLEASE CIRCLE BOX INDICATING DONOR'S RELATIONSHIP TO MISSING PERSON

Please submit at least one maternal relative.

**Step parents are not appropriate for submission.*

These boxes represent a maternal relative

These boxes represent a maternal relative if the missing person's biological sex is female

Note: The most useful family reference DNA samples are from close blood relatives such as the missing person's biological mother, father, siblings, or children. Familial testing using DNA requires knowledge of the biological sex based on chromosomes.

If you have any questions regarding the selection of family members for reference sampling, please contact your regional system administrator.

I understand that the answers provided on this form are correct to the best of my knowledge. I fully understand that my answers are critical to the process of identifying my missing family member.

I freely and voluntarily consent to provide my sample(s) for DNA analysis, entry into the Relatives of Missing Persons Index of the Combined DNA Index System (CODIS), and searching against the Unidentified Persons Index of CODIS. CODIS is maintained by the FBI under authority of Title 34, United States Code, Section 12592.

I understand that the information I have provided may be disclosed pursuant to routine uses listed in the Privacy Act system of records notices for the National DNA Index System as most recently published in the Federal Register. I also understand that my sample(s) will be destroyed and my DNA profile will be removed from the CODIS database if my family member is positively identified.

I understand that I am not required or obligated to provide a DNA sample, and that my consent to have a DNA sample taken is knowingly and voluntarily made. I further consent to the use of my DNA profile in the anonymous population database to aid in statistical inferences. The database will not contain any of my personal information, and the DNA profile cannot be associated with me as a donor.

I authorize the appropriate law enforcement agent listed below to collect this sample(s) for the purpose of identifying my missing family member. I have witnessed my sample(s) being collected, and a label with my name has been attached to each sample(s). The sample(s) were then placed in the sample collection pouch and sealed.

Entiendo que las respuestas proporcionadas en este formulario son correctas según mi leal saber y entender. Comprendo que la información proporcionada es crítica en el procedimiento de identificación de mi familiar desaparecido.

Libre y voluntariamente consiento que se procese mi(s) muestra(s) con el objetivo de realizar análisis de ADN e entradas y búsquedas de perfiles en la base de datos Combined DNA Index System (CODIS) utilizando los índices de los Familiares y No Identificados. CODIS se mantiene por el FBI según autoridad conferida por el Título 34, del Código de Estados Unidos, en la Sección 12592.

Entiendo que la información que he proporcionado puede divulgarse de conformidad con los usos de rutina enumerados en el sistema de avisos de registros del Acta de Privacidad del National DNA Index System (NDIS), conforme con lo publicado recientemente en el Registro Federal. Además entiendo que mi(s) muestra(s) será destruida y mi perfil de ADN eliminado de la base de datos CODIS tan pronto como los objetivos de la identificación positiva de mi familiar desaparecido se alcance.

Entiendo que no se me requiere ni se me obliga proporcionar una(s) muestra(s) de ADN y que consiento a la toma de mi muestra voluntariamente. Además autorizo la inclusión de mi perfil de ADN en la base de datos de la población anónima con fines de realizar estudios estadísticos. La base de datos no incluya información personal y mi perfil de ADN no será asociado a mi persona.

Autorizo al agente del orden público consignado en este documento que tome mi(s) muestra(s), con el objetivo de realizar la identificación de mi familiar desaparecido. Yo he sido testigo de que mi(s) muestra(s) se tomó e etiquetó con mi nombre. Además la(s) muestra(s) se colocó dentro del sobre de toma de muestras y se selló.
