Affidavit of Voluntary Collection and Submission for DNA Analysis

The National Missing and Unidentified Persons System has received one or more samples from your agency for developing a DNA profile. However, the appropriate consent form was not received.

Please complete and e-mail to your assigned regional program specialist. Failure to provide this documentation will result in a delay of processing the sample(s).

This form will only be used when donor consent cannot be obtained due to the death of the donor. By signing, you are attesting that you previously obtained consent from the individual before death or that the sample was obtained post-mortem.

I, _____ of _____,
Officer's Name Law Enforcement Agency
attest that a body fluid sample was voluntarily given by _____,
Name of DNA Donor
on _____ at _____, for the purpose of developing a
Date Address of Collection
DNA profile to assist in the identification of _____ and
Name of Missing Person
potential entry into the CODIS database for missing persons. The donor was advised of
his/her right to refuse.

OR
